## MPINCC CMP U January 9, 2010 - June 5, 2010

This event is closed. If you have any questions, please contact the event planner directly.

### Summary

CMP U is the dynamic new way to prepare for the CMP Examination. Replacing our Chapter's former CMP study weekends, CMP U extends the learning process and covers all topics of the CMP exam blueprint with a university extension format. With the generosity of our member sponsor, CMP U will be held on select Saturday mornings at the Renaissance ClubSport Walnut Creek preceding the 3rd Quarter 2010 CMP examination. Breaking the mold of an intense "boot-camp-style" weekend, this series of regular infusions of knowledge will better prepare you throughout the months leading up to the exam and provide flexibility to more members who could not attend an extended weekend course in the past. Also being sensitive to today's economic challenges, the tuition for the entire semester starts at only \$100 for MPINCC members (if you register for CMP U by December 28, 2009). Even if you do not plan to take the CMP examination yet, CMP U is the perfect way to boost your professional power. The curriculum not only provides support for the exam, but knowledge and skills for continuing education in our industry (and can earn you points towards taking the CMP exam at a future date). The premier semester of CMP U begins in January 2010!
